

Conor Desmond

4 Stafford Street, Loudonville, NY, 12211
P: 518-469-0921 | Email: conordesmond28@yahoo.com

Accomplished programming professional, who specialized in sports-related predictive analytics with DataRobot. Recognized for team building and team motivation. Able to manage multiple tasks, meet tight deadlines and predict complex outcomes. A driven, self-starter who is adept at relationship building, programming, and providing results.

Key strengths:

- Operations
- Data Modeling
- Analytics
- Scouting
- Leadership
- Management

PROFESSIONAL EXPERIENCE

REGENERON PHARMACEUTICALS – East Greenbush, NY

May 2023 - August 2023

Intern, Process Sciences

- Using Excel, added to a template for a unified data hierarchy from the current data hierarchy configurations
- Also, I designed graphs based on the template, led focus groups, designed a poster for my project; presented on my project in front of my department

SOCIAL MEDIA POSTS

X predictions

2022 - 2023

- Before the playoffs began, using my predictive data models built in DataRobot, I predicted the 2022 MLB World Series winner, 2023 NBA finals winner, 2023 Super Bowl teams, Georgia to make the 2023 CFP championship, and my predicted RA/GM in the 2022 MLB playoffs for the Astros and Phillies were only off only .06 runs. Check the pinned tweet from my X account: @conord282 and my Github: ConordD28
