SOCIAL MEDIA POSTS

X predictions   *2022 - 2023*

- Before the playoffs began, using my predictive data models built in DataRobot, I predicted the 2022 MLB World Series winner, 2023 NBA finals winner, 2023 Super Bowl teams, Georgia to make the 2023 CFP championship, and my predicted RA/GM in the 2022 MLB playoffs for the Astros and Phillies were only off only .06 runs. Check the pinned tweet from my X account: @conord282 and my Github: ConorD28
